

P270 Pick-Up

Yes, yes both a pick-up truck and a picked-up hitch-hiker, I get the pun.
And I definatly get the wicked/sick appeal of her sexual vulnerability here.
Not Mike's usual funny take, But there's something psychologically solid in his bold design.
We've all heard "'X' marks the spot". Well, here it literally does.
We begin our digging for "treasure" at the intersection of the X, do we not?.
Well, at dead center of this picture, at the very epicenter of her "X" lies her treasure.
Accident? I think not.
I think Mike has thought this design through, even cognizant that a girl staked out flatly
in the back of a pickup like this, might easily travel unnoticed.
